US Capital Global Securities Launches \$5 Million Equity Investment in Advanced Medical Device Company

San Francisco-based private financial group engaged by biotech developer as lead placement agent for capital raise.

SAN FRANCISCO, DECEMBER 2018 – **US Capital Global Securities**, an affiliate of US Capital Global, is offering to accredited investors a \$5 million preferred equity investment in the privately held medical device company, EDP Biotech Corporation (“EDP Biotech”).

EDP Biotech’s first commercial product is ColoPlex™, a new biomarker assay to be used in the early detection of colorectal cancer. EDP Biotech performs research and develops commercialized, *in vitro* immunodiagnostic products aimed at identifying the early stages of biological changes in humans and animals.

Headquartered in San Francisco, US Capital Global is a full-service private financial group with teams that have an established track record in investment banking and capital raise services. Its registered broker-dealer affiliate, US Capital Global Securities, LLC, is acting as the exclusive placement agent for the equity raise for EDP Biotech.

“We are excited to have US Capital Global Securities’ experienced team assist us in raising

this Series A round of funding, which will enable EDP Biotech to launch ColoPlex™ into the European market,” said Eric Mayer, CEO at EDP Biotech. “US Capital Global’s support and expertise enables EDP Biotech to enhance its platform, finalize its product, and go to market.”

“It has been pleasure serving EDP Biotech as its lead financial advisor,” said **Charles Towle**, CEO at US Capital Global Securities. “Our shared enthusiasm for EDP Biotech’s unique product was a key determinant in accepting this engagement. With US Capital Global Securities’ financial advisory and capital raise services, EDP Biotech is in a strong position to advance its strategic market expansion into the rapidly growing medical device sector. The opportunity to participate in this \$5 million preferred equity investment is **now open to eligible investors.**”

About EDP Biotech Corporation

EDP Biotech Corporation (“EDP Biotech”) is a privately held, ISO 13485:2016 certified *in vitro* diagnostics developer and manufacturer. Incorporated in 2005, the company focuses on the development and commercialization of simple and cost-effective diagnostics that detect disease early in humans and animals. Having spent many years researching the colon cancer testing market, EDP Biotech was able to identify market changes and develop its first commercial product, ColoPlex™, a new biomarker assay to be used in the early detection of colorectal cancer.
