

## Jeffrey Sweeney Interviewed by Silicon Valley Insider on What a Post-Pandemic World May Look Like

*Chairman and CEO of global private financial group discusses the economy and international finance in a post-pandemic world with host Keith Koo of Silicon Valley Insider.*

SAN FRANCISCO, MAY 2020 – **Jeffrey Sweeney**, Chairman and CEO at US Capital Global, has been featured on the **latest podcast episode of Silicon Valley Insider**, hosted by Keith Koo. Following on from his recent article entitled '**Pent-Up Ambition**,' Sweeney and Koo explore how the restrictions imposed by COVID-19 may, for many people, inspire renewed ambitions for both enterprise and community action once the lockdowns are lifted.

The episode takes a look at some of US Capital Global's current portfolio companies and their methods of solving real-world problems with community-based solutions, as well as the strengths of alternative investments during the current climate. Mr. Sweeney also shares his vision of what a post-pandemic world may look like.

Jeffrey Sweeney, Chairman and CEO at US Capital Global

Headquartered in San Francisco, **US Capital Global** is a global private financial group with an established track record in investment banking, asset management, and fund management. The group provides sophisticated debt, equity, and investment products to lower middle market companies and investors, using the latest FinTech and RegTech innovation.

“It was a pleasure to connect with Keith Koo on the Silicon Valley Insider show,” said Sweeney. “We had the opportunity to discuss the isolating nature of the COVID-19 restrictions and the changes they may generate, both on a market level and with regards to the human spirit. We will see a new wave of energy, with people anxious to return to the enterprises they value, to being productive, and to showing up for their communities. A rebalancing and re-examination of our needs is in order, but changes will be incremental, not revolutionary, and there’s no reason to believe that we won’t return to an economy similar to the one we had before.”

A thought-leader in the FinTech and RegTech field, Sweeney has published numerous articles on the topic of digital securities and investment banking in leading industry journals, such as The Fintech Times, ABF Journal, ABL Advisor, and The Secured Lender. A highly sought-after speaker and panel chair, Sweeney is frequently invited to preside over and speak at finance and FinTech events worldwide.
